U. S. TO ACCLAIM WAR END

Parley On With German Envoys

Representatives of German Government Enter Allied Lines Today to Discuss Peace

WASHINGTON, Nov. 8.—At President Wilson's direction Secretary Lansing issued a statement shortly after noon today that any statement that news reaching the government concerning armistice negotiations was being withheld was utterly false and that as soon as a decision in regard to the armistice was reached it would be made public immediately by the government.

Mr. Lansing's statement said:

I am requested and authorized by the President to state that no information reaching this government concerning the armistice negotiations in France has been withheld; that any statement to the contrary is utterly false and that as soon as a definite decision in regard to the armistice has been reached, it will be immediately made public by the government.

Germany's armistice plenipotentiaries, having entered the French lines under a white flag last night, met Marshal Foch at 9 o'clock French time, Friday morning. From him they will receive the armistice terms of the Allies and the United States. The historic meeting occurred in a little village in the department of the Aisne.

Germany will be given seventy-two hours in which to reply to the terms presented by Marshal Foch. It is declared there will be no cessation of hostilities. The German delegates will not be permitted to haggle; they must accept or go on fighting.

PARIS, Nov. 8 (11:45 a. m.)—The German delegates which came within the French lines last night to receive from Marshal Foch the allied terms for an armistice proceeded this morning to the meeting place designated by the marshal.

The white flag bearers reached the left wing of General Debeny's army at 10 o'clock last night. They arrived at the place indicated by the Allied supreme commander within the French lines about 2 o'clock this morning and passed the remainder of the night there.

PARIS, Nov. 8 (4:20 a. m.)—German delegates sent to the French front to receive from General Foch allied terms for an armistice, crossed the Allied line near La Capelle last night.

They were taken to a house where preparations had been made to receive them. They stayed there during the night and this morning will be conducted to a place in the department of the Aisne, which is a meeting place fixed by Marshal Foch. This trip will take about four hours.

Marshal Foch will have with him Admiral Sir Roslyn Wemyss, first sea lord of Great Britain, and Major General Maxine Weygand of the French army, Marshal Foch's assistant.

PARIS, Nov. 8 (6:50 a. m.)—The powers conferred upon Marshal Foch are strictly confined to the conclusion of an armistice, according to the Echoe de Paris. The amendments to the terms placed in his hands by the inter-allied council are closely limited, the newspaper says.

WASHINGTON, Nov. 8.—The statement was authorized at the White House shortly after 10 o'clock this morning that whenever word came of the signing of an armistice in France, President Wilson would announce it immediately.

When this assurance was given the government had not been advised whether the German armistice delegation had reached General Foch's headquarters behind the French lines, where they were expected about noon today, Paris time.

PARIS, Nov. 7 (11 p. m.)—German grand headquarters requested the Allied grand headquarters, by wireless, to permit the passage of the German delegation for armistice negotiations through the Allied lines. The order was given to cease firing on THIS front at 3 o'clock and hostilities will not be resumed until further orders.

NO FATALITIES CHRONICLED BY HEALTH OFFICE PAST 24 HOURS IN RICHMOND

During the night last night there were no deaths in this city, but there were two yesterday afternoon that failed to be chronicled by the afternoon papers. Up to the present time there have been 2076 cases of influenza reported to the health office and 77 deaths, a rate of but 3 per cent, or thereabouts while the death rate in other bay cities has been upwards of 7 per cent.

All of which is due, according to the medical authorities to the fact that Richmond has enforced the gauze mask order rigidly and is continuing to enforce it. Just how long this is to continue, no one will venture an opinion, but probably for the next two weeks and perhaps longer.

There is not a doubt that conditions here along influenza lines are better than in any town around the bay. And they are better throughout the county, according to Dr. Blake, so much better in fact that he is going to relax on the order of keeping everything closed and he will permit the churches to hold services in the outside districts and the saloons are again to be permitted to open up for business.

But this does not apply to Richmond. The saloons will doubtless remain closed here for another week and it is certain that schools will remain closed all next week, as well as the churches next Sunday. What may take place the following Sunday will be ascertained from the outlook of the epidemic after the first of the coming week.

FERRY STEAMER TO GO ON THE DRY DOCK

The ferry steamer Charles Van Damm, of the Richmond San Rafael Ferry company will go on the dry dock on Tuesday next, November 12th, for the purpose of having the bottom of her scraped and a new coat of copper paint applied.

The boat will make the 7:30 a. m. and 9:30 a. m. trips as usual and then will be taken to the dry dock at the Union Iron works in San Francisco, where she will remain until the next day at 1:30 p. m., when she will be on hand to continue her regular schedule thereafter.

THIRTY PATIENTS ARE REMAINING AT HOSPITAL

There are thirty patients remaining at the Red Cross emergency hospital in this city and the local Red Cross authorities think they see the end of the institution in this city. When it goes down to something like ten or twelve patients they will be transferred to one of the local hospitals and the doors of the temporary institution will be closed.

NOVEMBER CALL IN DRAFT MAY BE CANCELLED

WASHINGTON, Nov. 8.—Provost Marshal General Crowder called into conference today the heads of all sections of his office to discuss possible suspension of the November draft calls, under which more than 300,000 men have been ordered to army camps.

While General Crowder would not discuss what recommendations he might make to the general staff, it is understood that his advisers will advocate warmly withdrawal of the November call, at least if the Germans accept the American and allied armistice terms before the movement of men to camps begin.

With 4,000,000 men already under arms overseas and at home, the feeling is growing that no more will be needed.

CELEBRATION OF PEACE WAS PREMATURE

Some of the enthusiastic citizens of Richmond last night turned out to celebrate the premature signing of the armistice with Germany. It proved to be somewhat out of order, but just the same the boys felt jubilent and they evinced their exuberance of spirits by driving up and down Macdonald avenue, making all the noise possible with bells, horns, etc.

These celebrations, however, took place all over the nation. Oakland and San Francisco called a halt on all business and proceeded to celebrate in spite of the epidemic which is especially severe in those cities. Mayor Rolph of San Francisco proclaimed a holiday, as did the mayor of Oakland and they had a howling big time.

MRS. GLENN CONN INFLUENZA VICTIM

The many friends of Mr. and Mrs. Glenn Conn will be distressed today to learn that Mrs. Conn passed away from an attack of pneumonia following influenza yesterday afternoon about 5 o'clock. She had been ill but a few days and was taken sick after nursing her family through attacks of the influenza. She leaves a husband and four little children to mourn her untimely death.

The body is at the undertaking parlors of E. B. Smallwood and the date of the funeral will be announced later.

ARMED BANDIT ROBS STREET CAR MAN IN BERKELEY

A Richmond street car was held up by a masked bandit at 11:40 last night at the corner of Hopkins street and San Pablo avenue in Berkeley.

According to the reports of B. Larson, motorman the car was running at a high rate of speed when the bandit jumped on the front running board of the left side. The car was crowded. The bandit climbed over the iron gate at the front of the car, stepped close to the motorman, and demanded money.

The motorman turned, and as he did so, the bandit covered him with a gun, holding the revolver so that none of the passengers could see it.

He ordered the motorman to continue running the car and not to look back. He put his hand in the motorman's pocket and took out his watch. Then he opened the door at the right side of the car and jumped off.

The motorman believes the man jumped on to the car before he could see it was loaded with passengers. He thinks that because there were so many passengers on the car the robber became frightened and made his escape. The matter was reported to the Berkeley police and the neighborhood was combed but no trace of the bandit could be found.

The Berkeley police believe this is the same one who held up a Richmond car in the same neighborhood a year ago and robbed both the motorman and conductor.

MRS. MASTER'S FUNERAL HELD THIS MORNING

Mrs. C. H. Masters, a resident of 120 Second street died November 5th at Redwood City of the influenza while on a visit to her parents, Mr. and Mrs. W. G. Price. Deceased leaves a husband, C. H. Masters and a five months old baby. She was a member of the W. B. A. of the Macabbees of this city.

The funeral was held today, November 8th.

JAMES RUTHERFORD DEAD.

James Rutherford, the contractor died at his home in this city Wednesday night after a long illness from a complication of diseases. Rutherford has been living on a ranch near Martinez, but was brought to Richmond a few days ago. He was a native of Ireland and was 47 years of age. He is survived by a wife and son and daughter. The funeral will take place tomorrow from the family home, at 121 South Fifth street, at 10 o'clock.

DR. BLAKE HAS RECEIVED CALL TO JOIN THE U. S. ARMY

Dr. Blake is out after his attack of influenza. He had a bad two or three days, but he is better now and though somewhat weak will be able to handle the affairs of the health office as usual.

As the whistles were blowing and bells ringing yesterday proclaiming peace terms having been signed by the allies and Germans, Dr. Blake received notification from the war department that he had been granted a commission and would receive his summons for active duty in a few days. The doctor believes that in his capacity as an expert on sanitation there will be use for him in Europe for several years to come and he will hold himself in readiness to answer his country's call.

SUNDAY SCHOOL PAPERS.

Rev. Sanborn of the First Presbyterian church announces that Sunday school papers will be distributed to the pupils of the school at the church tomorrow afternoon between the hours of 4 to 6.

The pupils should call and receive their copies and thus keep in touch with their work during the time of enforced absence from Sunday school services.

GOVERNOR PROCLAIMS GAS MASK DAY FOR TOMORROW

SACRAMENTO, Nov. 8.—November 9 was designated "Gas Mask Day" in a proclamation issued today by Governor William D. Stephens, urging all people in California to deliver accumulated fruit pits and nut shells to Red Cross chapters in cities and towns of the state. The public was called upon to make such deliveries on the first day of each month until the end of the war. The shells and pits are for use to provide charcoal for the manufacture of gas masks.

The proclamation follows:

Millions of pounds of fruit pits and nut shells are needed to supply charcoal for the manufacture of gas masks for our troops. Without this form of charcoal the wonderfully efficient gas masks used by the American troops cannot be made and without the gas mask our casualties would be vastly increased.

It is therefore of the greatest importance that every person use the utmost care to save pits or seeds from peaches, plums, cherries, apricots, prunes, dates, olives and the shells of all hard shelled nuts. They should be well dried. The quantity of black walnuts and ornamental dates that usually go to waste should all be gathered. School children might well devote their time to such work during the time schools are closed. The Boy Scouts can bend their energies to no more worthy task.

Every Red Cross chapter in the state stands ready to receive the material collected and I suggest that each community work with its Red Cross chapter to the end that the greatest amount of seeds and shells possible be saved.

At the request of the Gas Defense division of the army and in order to emphasize the importance of the work I take pleasure in designating Saturday, November 9, as Gas Mask Day, and urge all persons to begin on that day to deliver the accumulated seeds and shells to their Red Cross chapters and to continue to make such deliveries on the first day of each month till the end of the war. We must leave nothing undone to hasten the day of victory

MIDNIGHT SERVICE IS DISCONTINUED BY LAMOINE.

The LaMoine drug store is compelled to discontinue its midnight service on account of lack of help. The present force of employes will keep the store at Sixth street open as long as human endurance will permit.

The epidemic has been pretty well stamped out and there is really not so much need for a late service as formerly.

PUBLISHER IS DEAD AFTER LONG ILLNESS

H. M. Irwin, the father of Arthur M., and Miss Gertrude Irwin, of the West Side, passed away last night in his 81st year at a sanitarium in Oakland from heart failure, after an illness of ten month's duration. Mr. Irwin was well known here by many people connected with the Standard Oil company, where his son is employed. The deceased was a newspaper writer and publisher all his life, being connected with papers in the East. He came to Richmond about a year ago to make his home, taking sick shortly after coming here. Besides the son and daughter in Richmond, he is survived by a son, Lieut. Com. H. L. Irwin, now in active sea duty near England, and a daughter, Miss Mary L. Irwin, of Boise, Idaho.

The remains will be cremated in Oakland on Saturday, if arrangements can be made with brief services at 3 p. m. at the Henderson undertaking parlors, at 23 a and Telegraph avenue.

RUSSELL HOPP LOSES THUMB IN ELECTRIC CRANE.

Russell Hopp, residing at 221 South Twelfth street, this city and employed at the Western Pipe and Steel plant in this city suffered the amputation of one of his thumbs at the Craven hospital yesterday after the member had been smashed by a chain block in the big electric crane.

GERMANY WITHOUT SOUL.

What makes this German thing so horrible, says an editorial in the New York Tribune, is that its soul has been destroyed. From human understanding it is utterly cut off. When the world talks of morality, or right and wrong, of faith and humanity, of something higher than the law of self-preservation, it leers and says: "Hypocrisy has its uses. But let's get through with all the necessary phrases and talk of what we mean." It does not know what we are talking about. It does not know fundamentally why we are at war with what it represents. And it does not know that it doesn't know. More terrifying than its crimes is the unfathomable fact that it is apparently unaware of its criminality. Therefore, it cannot comprehend the horror with which civilization regards its acts. This seems a necessary conclusion, for how otherwise could you account for the face with which it insults its enemies by proposing first a truce and then negotiations?

The new imperial chancellor speaks of a "new" German government and of a "new" epoch in Germany's internal history, dating from a decree of the Hohenzollerns. He has the colossal impudence—or shall we say the abysmal misunderstanding? — to say that at the peace negotiations the new German government shall use its efforts to stipulate in the treaties for conditions and institutions in all lands to improve the lot of the laborers.

All of that is German rubbish.

The kaiser also speaks. It seems incredible. He says:

"But I will only extend my hand for an honorable peace."

The world will not touch that hand.

The German kaiser has but one peace to make, and that is his own peace with God. And as we believe in God so we believe that he cannot make peace with Him until he has paid beyond the power of mankind to imagine. That is God's own business. He leaves much for us to do, in our way, with all the faith and fortitude we have.

Little as the Germans know of the moral values which the rest of us will save or perish in the effort, they seem to know even less about the temperament of the American people.

They thought we sold arms and ammunition to the allies for profit only. They thought we shelved the Lusitania atrocity from motives of cowardice and greed commingled. They thought we were pacifists and profiteers entirely. They thought we went into the war without meaning to fight. They thought we were half Germans. And they now apparently think we are willing to embrace peace because it can be proved that it would be to our material advantage to end the war.

They address their overtures to us, pretending to accept in principle the conditions of peace laid down by President Wilson. But they are wrong. We are the peace makers. We are the war makers.

It is true that we have laid down certain abstract conditions of peace, but these concern only our allies and ourselves and are not open to Germany for discussion.

We have laid down one condition of war—one only—and that is to use force, force to the utmost, force without stint or limit, until we shall have destroyed forever in this world the indecent, intolerable, criminal thing that now holds out its dripping hand.

Tell your people that, Prince Maximilian of Baden, and if they can understand an epoch may begin.

JUST RETRIBUTION.

The Salvation Army's late commander in Russia, Commissioner Mapp, may well have had excellent facilities for knowing what was going on at the Russian court in 1914, 1915 and 1916. To that court, as everybody knows, all the religious extremists and enthusiasts had ready access. Commissioner Mapp, who was on the ground, now says that the Czarina regularly reported all Russian and Allied military intentions—in so far as the Allied intentions were known in Petrograd—to the German emperor, that she wired to Potsdam information of the time and manner of Lord Kitchener's intended visit to Russia, and that it was his information which enabled the Germans to sink the ship that carried him and sacrifice the life of the British commander. This story, though appalling, is quite credible. The Germans certainly had knowledge of the Kitchener visit, and this was as likely a way for them to get it as any other.

If the story is true, what a nemesis awaited the misguided German princess who achieved this frightful treason! It may well be that the Czarina is alive and well today. It would indeed be strange if the German master of Bolshevik Russia had not found a way to take care of her. But whether alive or dead, she has suffered a long and acute punishment for her sins since she and her entire family became refugees from Petrograd. Her husband has certainly been murdered, and probably her son. She has known constant terror, and doubtless sometimes the pangs of hunger. The fate of Marie Antoinette was merciful to that which may yet befall her.

With all due respect for the sincerity of Mr. Food Administrator Ralph Merritt, and we have not the least doubt that he is entirely sincere and honest in his statement, we believe he is mistaken in his conclusions that the high price of eggs at the present time is due to shortage in the supply. Doubtless that is what the Poultry Dealers' association have told him and unquestionably they have sought to prove it to him by actual figures, if he had time to listen, but the fact remains that eggs were boosted by the association without warrant, except that the producers saw an opportunity to do so. We are not blaming Mr. Ralph Merritt, for doubtless he is not in a condition to help himself, as he says, but there is no use telling these egg men they are good and true and useful citizens when we know to the contrary.

Quite a lot of ink was wasted by the newspapers of the nation yesterday in announcing peace had finally been proclaimed by Germany and the allies. But while it was all a little premature, it will not be long before it will be a reality. The Huns have not far to go without coming to terms, for they are being defeated on all fronts as fast as the allies can get within cannon-shot of them.

Whether the Germans surrender or not it appears that the kaiser's government is rapidly breaking up and will eventually pass into the hands of the people. Yesterday revolutionaries seized the fleet at Kiel Canal and the fortified Helgoland, after killing many German officers and men who opposed them. It is but a question of time when Germany will succumb. It may be today, tomorrow or next week, but it is surely coming. The kaiser may not know this, but everybody else in the world knows it is bound to transpire.

The election last Tuesday and the returns of which are just in show some peculiar results. As usual the dry element in the state succeded in defeating both dry measures—the Rominger bill and the bone-dry measure. Either one of the bills alone would have carried, but each acted as a deterrant to the other. That Governor Stephens was re-elected is no surprise. His machine, with its hundreds of commissions and hangers-on did the work. Until the legislature of California takes it into its head to abolish a lot of those commissions, machine politics will rule in the state.

NOTICE TO TAXPAYERS

State and County Taxes for the Fiscal Year 1917-1918

Office of the Collector of State and County Taxes, Martinez.

Notice is hereby given that I have received from the Auditor of Contra Costa county the duplicate assessment book for the fiscal year 1917-1918, and

That the taxes on all personal property secured by real property and one-half of the taxes on all real property, is due and payable on the

THIRD MONDAY IN OCTOBER

and will be delinquent on the first Monday in December next thereafter, at six o'clock P. M., and that unless paid prior thereto fifteen per cent will be added to the amount thereof, and that if said one-half be not paid before the

LAST MONDAY IN APRIL NEXT

at six o'clock P. M., an additional five per cent will be added thereto. That the remaining one-half of the taxes on all real property will be payable on and after the

FIRST MONDAY IN JANUARY NEXT,

and will be delinquent on the

LAST MONDAY IN APRIL

next thereafter, at six o'clock P. M. and unless paid prior thereto, five per cent will be added to the amount thereof.

That all taxes may be paid at the time the first installment, as hereinprovided, is due and payable.

Taxes are due and payable at the office of the Tax Collector in the Courthouse at Martinez, Contra Costa county.

MARTIN W. JOOST,
Tax Collector Contra Costa County.
Nov 1—Oct 1

WOMEN APPEALED TO FOR INCREASED EFFORTS IN WORK FOR THE RED CROSS CHAPTER

The epidemic which has ravaged this community during the last few weeks has demanded heavy toll. Tragedy has stalked into many, many homes; the calamity has been national in aspect. It is not, however, without some compensating features, for in initiating us into the Brotherhood of Suffering, it has had deep and lasting effect on the individua.'s attitude toward those Allied peoples we are privileged to serve in their far greater calamity. But because, for the time being, misfortune has knocked at our American doors we must not neglect those who have so long suffered and are yet in need "over there."

In this connection Mrs. H. I. McLeish, director of the bureau of production, appeals to the women of the Pacific division for renewed and increased work in the production department of the Red Cross. Mrs. McLeish states: "A small proportion of the division chapters (including one of the largest and one of the smallest) kept production at 100% during the epidemic period, that is to say—what they promised to deliver for the use of our men in France and for the people in evacuated territories—they have fulfilled. Their epidemic conditions have been as bad as those in other parts of the division, but they have allowed nothing to dim their vision about their responsibilities.

"The needs of any community afflicted by the epidemic should not be neglected in any measure, but I suggest that every woman who is well do not only her own share of production work, but all she can of the work of those who are incapacitated through illness. When the hospitals of France are bombed, the women go right on working; if one of their number is killed, the work goes on. And they are working under conditions such as we have no conception of. Shall we American women not be willing to show at least a measurable part of the devotion to a great cause which they display? The answer will be given in the number of dresses and garments returned to division headquarters. I have faith, not only in the spirit, but in the capacity of the Red Cross women of the Pacific division."

ALVARADO MAY BE NAMED AS CHIEF DEPUTY

As the time approaches for the new officers elected in the county to fill their positions on the first of the year, speculation is rife as to who will comprise District Attorney-elect A. B. Tinning's staff of deputies. It has been rumored that the deputyship has been offered to Attorney H. V. Alvarado, of this city and that he would accept the position and reside in this city, but that gentleman does not confirm the rumor. Neither does he deny it, but declares that so far as he knows nothing definite has been done by Mr. Tinning toward naming his staff of assistants here and elsewhere in the county.

Mr. Alvarado was a very ardant supporter of Mr. Tinning's candidacy and a warm personal friend. He was district attorney of the county for a couple of terms and is thoroughly qualified to attend to the duties of the office in any capacity and the people of Richmond feel that Mr. Tinning could not make a better selection as chief deputy.

Other names mentioned for positions of the district attorney's staff are James F. Hoey, George T. Barkle yand Leo. F. Tormey.

GEORGE DEWHURST DISCHARGED BY U. S.

George Dewhurst, who for the past seven years has been employed at the oil refinery in this city and who enlisted in the ground aviation corps and has been stationed at Atlanta, Georgia, returned home to Richmond yesterday, having been honorably discharged on account of physical disability.

Dewhurst has been absent from the city for several months, but while away sa wno place he liked better than Richmond. He expects to again take up his old line of work which was dropped to respond to Uncle Sam's call for assistance.

Each bond a step toward victory.

CHRISTMAS LABELS HAVE REACHED U. S.

The Red Cross has announced from Washington that the first of the Christmas parcels labels have reached this country, and will be in the hands of those who are to use them as soon as mail facilities permit. The boxes with complete instructions, may be obtained at Red Cross chapters or branches. Only one package for each soldier will be accepted. Each man in the expeditionary forces has received one label and has been directed to send it to one person from whom he wishes to receive a Christmas parcel. Parcels that do not carry this label will not be accepted and none can be sent after November 20.

GAUZE WORKERS WANTED.

They are still wanting gauze workers at the Red Cross workrooms. Mrs. Boone has put out the S. O. S. signals and the women of Richmond had better come to her rescue, if they do not want Richmond to suffer the disgrace of the city falling down on her quota to supply the boys over there necessary hospital equipment.

INFLUENZA VICTIMS

require nourishing food in easily digestible form in order to quickly regain their strength. The chief danger of influenza lies in its weakening effect, thus opening the way for serious complications. To afford rapid recovery no food product gives better results than

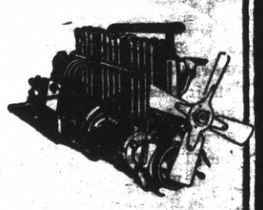
Correct Lubrication for the Valve-in-Head Type Motor

The Valve-in-head-type engine illustrated here, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude



ZEROLENE
The Standard Oil for Motor Cars

It Keeps the Engine Young!

Experts agree in recommending ZEROLENE because it keeps the engine young,—full-powered, smooth-running, and economical in fuel and oil consumption.

The majority of motorists are now using ZEROLENE because they have learned by experience that there is no better oil to be had.

Correctly refined from selected California asphalt-base crude, ZEROLENE gives perfect lubrication with less wear and less carbon deposit. Less wear because ZEROLENE keeps its lubricating body at cylinder heat. Less carbon because, being made from asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.

OREGON FARMER GAINS 28 POUNDS

"I SIMPLY FEEL LIKE A NEW MAN," SAYS BEAVERTON AFTER TAKING TANLAC.

"To look at me now you'd hardly think that just a little while ago my life was despaired of and I was told to make my plans accordingly; but Tanlac has fixed me up so I am out in the fields every day forking hay, and that's a strong man's job I can tell you."

This remarkable statement was made the other day by William Welch, a well-known farmer who has lived all his life about a mile northeast of Beaverton, Oregon, on Route 4, Box 31, in telling of his wonderful recovery through the use of Tanlac.

"I had always enjoyed pretty good health up to the first of last March," he continued, "when something seemed to go wrong and I got into such a rundown condition that I fell off from a hundred and fifty-five to a hundred and thirty-two pounds, a loss of twenty-three pounds. I was terribly weak, and my heart would beat and thump so fast that I could hardly rest at night. I had to be very careful about what I would eat and for three months I lived on the very lightest kind of diet. My skin had a yellowish, sallow look like I didn't have any blood in my veins, and I wasn't able to do a lick of work on my farm. I got mighty discouraged, for none of the medicines I took did me any good and I really thought my time had come.

"I was in this awful fix when I read about the wonderful way Tanlac was helping others, so I got me a bottle. Well, I began to feel better soon after starting on it and kept on improving right along as I kept on taking it. I have just finished my second bottle, and I have not only gotten back all my lost weight but am actually five pounds heavier than I was before I was sick at all, that is I have gained twenty-eight pounds since I began taking Tanlac. I don't have a bit of trouble now and simply feel like a new man."

"Tanlac is sold in Richmond by F. B. LaMoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, in Antioch by Shuman Drug Store, and in Pinole by E. K. & H. Dunlap."—Advertisement.

FOR SALE

We have a modern two-flat building, each flat 5 rooms, one block from business center, for $4200; a fine investment, nets 10 per cent; about one half cash balance on mortgage.

$2100 buys two houses and two lots close in; $500 down, balance like rent; improvements can not be duplicated today for $3000.

$375 buys one lot on 22nd street. Street work done; a big bargain.

$2100 buys good 4-room cottage and two lots, close in; $500 down, balance $25 per month, interest at 6 per cent included.

We have for sale 3 acres of choice level land with 8 room house, windmill, good well, fences and other improvements; about 2½ miles from center of Richmond.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

H. G. BUTLER
Power Administrator.

CHAIRMAN RIHN HAS STAFF OF ASSISTANTS FOR CAMPAIGN WHICH OPENS HERE NEXT WEEK

Chairman John L. Rihn, of the United War Workers' campaign which is to open in this city on Monday and will continue all next week for the purpose of raising $23,000 to send to the war activities workers in France and the other allied countries across the waters, has his corps of assistants all lined up and he is ready to begin work.

Chairman Rihn has called to his support, and wisely, too, the men and women of the city who are accustomed to doing things and have proven by their past work that they can be relied on to accomplish whatever they set out to do.

City Treasurer Ira R. Vaughn has been selected as vice-chairman and first assistant. Vaughn is one of the best men in the city for this kind of a job and possesses a knowledge of the work which will make him an invaluable assistant to Rihn.

John A. Miller was named by Chairman Rihn as chief publicity man and no better can be found. He is painstaking and thorough in his work and is well equipped as a writer to handle the publicity end of the campaign in a manner which will assure success. Miller was the publicity man for the last Liberty Loan drive and for the Red Cross campaign and the success of both those campaigns are a lasting tribute to his work as a publicist.

John T. Bell, of the Standard Oil staff is the industrial director and will take care of the factory end of the drive. Bell is well known and a great favorite among the factory heads and is the right man for the job.

Mrs. C. S. Gibson and Mrs. J. C. Owens will have charge of the Mobilized Women who are going to take a leading part in the drive. No campaign for war purposes can succeed without the help of the Mobilized Women. They have one of the best organizations for all kinds of war activities in the city and can make a thorough canvass of the town in one day after they have given the word to proceed. Mrs. Owens is the Colonel of the organization and Mrs. Gibson is her first assistant.

Harry Marcus will have charge of the business men's section of the work on this side of town and James Pope will perform the same work at the Point. They will go among the business men and seek their assistance in the way of contributions and to assist the general committee.

Manager C. M. Brewer, of the Western States Gas and Electric Co., Charles Bacon, Manager of the Richmond Abstract and Title Co., are going to take charge of the special industrial work and Rev. T. A. Boyer will head the four-minute speakers. If the edict against public assemblies is in force next week, which is more than likely, there will not be a great deal of public speaking—in fact none at all. But there will be other ways to reach the people. Literature and the newspapers will be used to a larger degree, no doubt.

Prof. W. T. Helms will head the Victory boys and girls, L. A. Stevenson, of the First National bank will be treasurer and J. A. McVittie, city auditor will be the auditor for the drive committee. T. A. Duggan will be the chairman at Giant, Mrs. McCausland will take care of the San Pablo and El Cerrito is expected to select a chairman for their section this evening.

The lineup is all complete for the great drive beginning on Monday.

It will be a whirlwind campaign and there will be something doing every minute.

There will be a great many handicaps on account of the town being tied up with the epidemic. People are not permitted to assemble and therefore they must be appealed to hold out the work separately as individuals. It will make the task harder, but it can and will be accomplished.

JUST COME IN

A big lot of new Fall modes in SUITS and OVERCOATS for the young, middle-age, or older men, have just arrived.

You can buy them on very easy terms of **$1.00 A WEEK** and small deposit down. Better see them before the choice ones are gone.

"The Easy Way for You to Pay---at Cherry's"

"That, Mac, is what interested me in this Cherry plan. I figured if I could get as good clothes at about the same price as "cash stores" that it would relieve my mind of a lot of worry. Well, I went up there to see about a month ago. I am a pretty good judge of clothes values, and I know what present conditions are. Imagine my surprise when I tried on some fine, good wearing wool suits that were as beautifully finished as a tailored garment. Say, it didn't take me a week to give my references, make a first payment down and grab on to one of those suits. Now each week I mail a little check and in no time I will have the payments completed. If you're interested, the address is 528 13th street, Oakland. Cherry's operate a woman's shop on the same plan at 515 13th street, Oakland.—Advertisement.

Have You Started Gift Buying!

We are going to have Christmas just the same as ever; with all the good Christmas spirit, but mixed with more sentiment—and perhaps heartaches—than ever before.

But while we are going to have Christmas just the same it is going to be put on a war basis like everything else that is part and parcel of our daily lives.

The government has asked that only sensible, practical gifts be bought and that they be purchased early.

Considerate people are making out their lists, and doing some of their Christmas shopping each week, from now on, until it is done.

Gifts are being sent earlier with "Don't open until Christmas" stickers on them.

Parcels for the soldiers in France—the little 9x3x4 boxes, with their precious freight, must go before November 15th. And Uncle Sam asks you to ship all your out-of-town presents before December 5th.

Thus we mobilize Christmas to a degree never before dreamed of—with everybody helping.

THIS CHRISTMAS STORE IS MOBILIZED

Christmas stocks are in and displayed. Here are gathered many kinds of the practical gifts you are seeking.

We have arranged them much earlier than usual to make it easy for you to
